

Chris Winspear invites you to his world of fairy tales

Chris Winspear Design Jewellers is renowned for elegant jewellery and custom-designed pieces of prestige. His latest creations are the beautiful Fairy Tale Charms. To present the new silver charms in a unique way, Chris Winspear Design Jewellers worked with two collaboration partners, to create a special catalogue. Arwen Swan, who is the owner of Arwen Garmentry, designed fairy tale dresses for each shoot with her partner and photographer Benjamin Skinner. The photos have a very elegant and mysterious mood, which makes this campaign so thrilling.

Various charms are available, including Beauty and the Beast, The Frog Prince, Cinderella, Snow White and Red Riding Hood. The designer is planning more charms, including The Princess and the Pea, with further charms to be officially confirmed. Chris Winspear's Fairy Tale charms are a lovely gift idea or just a perfect excuse to bring a little joy to someone special.
